

Learning Never Should!

School Alert—It's never too early to think about summer!

Do you know that over a summer vacation students can lose a significant amount of what they learned in school during the previous school year? It's true!

Dawn Nocera of

Science Club Monthly.com would like to introduce you to a way to help students retain their skills, as well as to give your school an opportunity to raise additional funds. This is an opportunity that the parents and teachers in your school will really LOVE!!
